Welcome to Edward Ross Photography! We are a boutique fine art storytelling studio dedicated to giving an incredible experience as you document the most important stages of your life.

Our time together may last only a day or two, but my hope is that the memories we create together will live on for generations.

We feel it is so important to find a photographer who can deliver a stunning portfolio of moments and emotion that showcases you in your best light and allows you to remember how you felt in that moment.

Collections

We've organized our offerings into collections of what's most popular with our clients. Each collection includes a free engagement session and consultation beforehand to discuss the goals and details of your photoshoot, including locations, backdrops, and personal style.

We believe in storytelling and art in a perfect combination that is unique to each client we work with. Our collections are based on how much time you need for your story. All of our collections include an online slideshow and digital gallery.

Albums & Fine Art

Creating heirloom quality art and albums are an integral part of our process. The memories we create together last multiple generations and the quality and commitment to our finished products must reflect this. We create timeless albums and custom art pieces at our studio all designed around your style and story. Albums are fully retouched by us and then hand-crafted in Italy.

All of our a'la carte options are ordered after the wedding with no commitment or obligation up front. This ensures that our clients get exactly the right combination of products for them. LET'S GET STARTED TOGETHER

Communicating with my clients is a huge part of what I love so much about my business. I remain friends with many of my clients long after I've finished our initial sessions together (and enjoy continuing to document their lives!).

I want to be here for you in every way possible. I encourage you to ask questions, suggest ideas, and play a hands-on role in the planning process. The following is a list of ways to get ahold of me, so you always feel cared for.
